Where Play Nurtures Growing Minds

MODI Pre-School

Admission Open

"At Modi School, we nurture the child-body, mind, and spirit-believing that the best foundation is built on love, respect, and deep understanding of their unique potential."

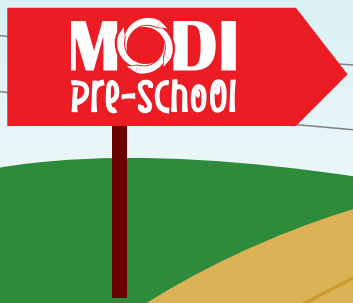
Developmentally, children aren't made to sit and listen. They learn by doing.

Every child has a different learning style and pace. Each child is unique, not only capable of learning but also capable of succeeding.

We understand that how, early childhood experiences are so important to lifelong outcomes, how early environment literally becomes embedded in the brain and changes its architecture.

The four powerful words to say to our child is: I believe in you.

PLAY is the highest form of research.



Our Commitment to you

We Cherish

Heart & Mind

Emotional Well-being:
Feel safe &
can explore

Value Education:
Teaching care,
empathy, and culture.

Uniqueness:
Every child is
different.
